The Long-term strategy of state relations with Lithuanians living abroad for the year 2008-2020

The need to prepare this strategy emerged when, because of significant emigration of Lithuanians, the number of Lithuanians abroad and their communities increased considerably, and therefore there is mutual need and necessity to cooperate in the following areas:

- Preservation and development of Lithuanian national identity
- Organisation and coordination of Lituanistic education
- Enshrining of Lithuanian culture
- Developing dissemination of information on life of the Lithuanians abroad

Program for returning of political prisoners and deportees and their families to Lithuania for 2002-2007

This program establishes state aid to:

- **political prisoners and deportees, who have been recognised as not guilty to the Republic of Lithuania and for whom all their civil rights are reinstated under the Law on Reinstatement in the Rights of Persons Subjected to Repressions for Resistance to Occupational Regimes**
- **children of political prisoners and deportees, for whom the status of a deportee – a person having suffered from occupational regimes has been recognised under the Law of Legal Status of Persons Having Suffered from Occupations in 1939-1990**

Social assistance is provided to returning persons to finance:

- **compensations for moving costs**
- **payment of one-off settlement benefits**
- **assistance to citizens of the Republic of Lithuania permanently residing in the territory of the former USSR – persons of pension age and disabled persons**
- **Lithuanian language courses**
- **compensations for costs of moving of disabled persons to Lithuania**
- **summer camps and specialised schools in Lithuania for school-age children of returning persons**
- **Lithuanian communities and deportees' organisations**
- **transferring to Lithuania of remains of persons who had been subjected to repressions**
- **partial compensations for heat energy costs at temporary accommodation centres for returning deportees**

Philanthropy from Diaspora

www.tmid.it

- Political support (active lobbying for Lithuania's „Independence case”, Lithuania's diplomatic service in exile 1940-1990; assistance in building state institutions in 1990s)
- Financial and *know-how* support for Lithuania's education system, especially after restoration of independence in 1990s
- Financial support for Lithuania's public health system
- Financial support for Lithuanian culture and arts (scholarships for Lithuanian artists; foundation of culture projects)
